

HAMPTONS FENCING EDGE ADAPTER

HOW TO FIT EDGE ADAPTERS (HAMPTONS FENCE VERSION)

These adapters are intended for mounting a pair of Polaris Hinges to a HAMPTONS fence and gate. The Gate is typically 102mm wide x 63mm deep (4in x 2 ¹/₂ in) & the Post is 127mm X 127mm (5in x 5in).

1. First step will be to fasten the adapters to the hinge.
Use the provided Stainless M6x16mm screws to create a Hinge assembly

2. 

Position the hinge assembly onto the Gate and Post which makes a gap of 20mm (3/4in)

3. Securely fasten the hinge as per its Install instructions
(Screws provided with the hinge)

4. To finish the installation, open the gate and install the small screws, as provided (8Gx16mm C/S), through the edge adapters holes.
